Subject: Changes to your service plan

Dear Ms. Example,

We are writing to let you know about changes to your service plan that will take effect on January 1, 2027. These changes follow our annual review of operating costs and the feedback we received from customers over the past year.

Your monthly service charge will move from 42.00 to 44.50. The rate per unit of energy used will stay the same, and the discount for paperless billing will increase from 1.50 to 2.00 per month. If you already receive paperless bills, the new discount will be applied automatically.

We are also extending the hours of our customer service center. From January, our advisors will be available from 8:00 am to 8:00 pm on weekdays and from 9:00 am to 1:00 pm on Saturdays. You can reach them by phone or through the secure messaging service on our website.

If you would like to discuss these changes or review the options available to you, please contact us at any time. You may also switch to a different plan without any fee before March 31, 2027.
